E-mail

1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer.

2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)

The agreements that Dominion signed when taking over SCE&G (and other agreements) prohibited a rate increase until 2024. However, by disguising this increase as a 'recovery' cost, Dominion is able to subvert the letter of the law in direct contradiction of the following statement by its spokesman, Rayhan Daudani. "We have a strong compliance culture and are committed to following the letter and spirit of the tax laws and the public policy goals they support."

Here is another quote from Dominion: "Dominion Energy maintains a diverse portfolio of electric generating facilities utilizing many different fuel sources. Although we have taken steps to minimize this year's fuel cost adjustment so that customers see the lowest possible impact to their bills, we must recover the costs of purchasing and transporting fuel to produce the electricity our customers rely on"

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \*

I am willing to appear if there is no one else to officially represent and defend the customers of Dominion who are being held hostage to corporate greed.
